MAKA TIPI

INSPIRED EVENTS MADE BY YOU

With their sheer beauty and unmistakable lines set against the sky, giant hat tipis make a unique and stunning setting for any occasion.

For our wedding clients they are truly magical spaces, creating their own special ambience for brides, grooms, families and friends to come together on one of the most special of days.

For corporate clients they provide a unique space to enhance any offering and give any marketing campaign a real wow factor to impress customers.

We were the first and the leading suppliers of stunning white canvas kata tipis in the UK, used specifically for our lovely wedding clients to enjoy, and now we are able to offer them to our Australian customers for gorgeous weddings and for inspiring corporate events.

Our family run, boutique service will inspire and delight, while our combined experience of over 30 years within the events industry will reassure you that in you're in safe hands.

We not only fashion incredible venues, but with our passion, attention to detail and creativity, we craft sustainable, magical spaces that will bewitch and captivate.

Chris Ashman

Founder

SHEER BEAUTY

Our white tipis will wonder and delight on your wedding day. The joy on the face of every guest, as they see a fully dressed wedding tipi is truly special.

For our lovely wedding clients, there are two different sizes of gorgeous white tipi to choose from to create your very own cathedral in canvas.

Our gorgeous white tipis are an elegant alternative to our traditional tan coloured canvases.

They are a stylish and luxurious option, providing more light inside the structures and are also cooler on very warm summer days, due to their brighter canvas.

THE TIPIS

Magical & imposing Stratus tipi

THE STRATUS TIPI

Our main event space is the stunning Stratus giant hat tipi. It's extremely versatile and has the ability to raise its sides to allow you and your guests to enjoy the outdoors and gaze at the stunning views at your chosen venue. By being able to raise its sides, it also means that we can connect other Stratus tipis to form larger structures, with capacities of up to 500 guests or more. We can link any number of Stratus tipis together, the only limitation is your imagination!

THE CIRRUS TIPI

Our Cirrus tipis are the baby brothers to our Stratus tipis and are ideal to create some extra space for your guests, or a popular choice is to have them as a chill out or bar area.

Although the sides of the Cirrus cannot be raised, they can still be connected to our Stratus tipis to add another dimension to your event space. They can also be dressed to make a really cosy and intimate area for your guests to relax and chat the night away around one of our glowing fire pits.

The gorgeous & versatile Cirrus tipi

BEAUTIFUL FINISHING TOUCHES

To obtain that stunning wedding tipi and impress and wow your guests, there is no better way than to include some of our beautiful finishing touches. There are so many ways to dress your tipi and we have some gorgeous accessories that can compliment your vision.

Enhance the warm and cosy atmosphere of our tipis by adding a centre piece Bamse Fire Pit. Supplied with logs or bio-ethanol fuel and fire extinguishers, they are a superb choice of accessory to create a warm ambience.

Our gorgeous and versatile reclaimed timber trestle tables are an ideal choice for an elegant or rustic wedding dining experience. Dress them with table linen or leave them bare, its completely up to you, but either way they are great for maximising space and fit in perfectly with the wooden poles of the tipi. The tables are 2m long and 70cm wide and are great for a vintage themed wedding. They can be matched with our lovely vintage folding chairs. 6ft Round banquet tables and different chair options are also available.

Create your own mood with our great lighting options, which range from basic pin spots to coloured floor lights.

Enhance your chill out area with our sumptuous vintage Chesterfield sofa set, with low tables, lamps and more.

No tipi wedding is complete without the magic of fairy lights draped around the poles of the tipi, creating that unmistakable glow.

Mason jars have a variety of uses and are excellent table decorations, able to hold floral displays, candles and even favours for your guests. These are a popular addition and can help add a splash of colour to our tables.

Paper poms and globe lanterns are available to decorate your tipi, bringing another dimension to the space. Both come in various colours and sizes and can be hung around the tipi from the internal poles.

If you're having an early Summer, Autumn or Winter wedding, why not snuggle up on our vintage Chesterfields with some of our cosy tartan blankets. There are various colours to choose from and come in sets of 10 or 20.

To complete a cosy and warm ambience inside your tipi, hire some of our lovely tea light lanterns to dot around the tipi or to have on your guests tables. They're particularly popular for Winter weddings.

Fun and playful for Spring and Summer weddings is our wonderful bunting. Hung from the internal poles of the tipi, they bring a feeling of nostalgia and really fit in with a vintage style theme.

As well as some amazing internal lighting, we also have a range of enchanting outdoor lighting such as fire torches, floor lighting, Moroccan lanterns and also festoon lights that can be hung from the tipis.

We have many more gorgeous props to dress your tipi from our own accessories brochure, but if you can't find what you're searching for or you have an idea how to decorate your tipi that's a little different, please get in touch and we can discuss how we can help you make it a reality. We have our very own bespoke prop and decoration service that can create almost anything, within reason, so just ask to see if we can bring your ideas to life.

If you also require assistance in sourcing caterers, venues, generators or lavatories, we are more than happy to help in your search for suitable services and have some excellent partners that may be right for you.

WHAT OUR CLIENTS SAY

Gemma & David

We just wanted to thank all at Maka Tipi for their hard work and excellent setup for our youngest daughter's recent wedding.

The Tipi was magnificent, and was complimented by everyone, often very enthusiastically. One person, clearly affected by the romance of the occasion, described it as a 'cathedral in canvas'! There is no doubt that it is much more spacious and less complicated than other tipis I have been in, and there was ample room for 115 guests to eat, a large sitting out area - well decorated - and a dance floor with a 7 piece band. We would also wish to compliment the whole team for their efficiency, professionalism and attention to detail. Above all, they were a very nice bunch of chaps to work with. It really goes without saying that we would unquestionably recommend tipis, and particularly Maka Tipi, to the aspiring organisers of any such event.

Many congratulations

Patrick & Diana Wheeler (Father & Mother of the bride)

Helen & Simon

Hi

We cannot thank Chris and his team enough. They were nothing but friendly and helpful from day one. Chris was always on the end of the phone to answer my many questions and accommodated us without question when we changed our venue. The Tipi's on the day looked better than we could have ever imagined and we would recommend Maka Tipi to anyone.

Helen & Simon

Alex & Will

Hi

I just wanted to say a massive thank you to you and the guys for all of your hard work. The tipi was amazing... Everyone at the wedding loved it. Hopefully I'll get some business sent your way! It really was the best day ever and despite the weather I'm so glad I went for the tipi wedding!

Thanks again, Alex and Will
